

Atlanta Pop Concerts

www.atlantapops.com

The Atlanta Pops Orchestra has been well-known in Georgia for 68 years. The group's concerts have been highlights of musical seasons at Chastain Park, Stone Mountain, Peachtree City and many other venues and communities. The Atlanta Pops Orchestra is adaptable to smaller venues and has a budget-friendly price structure. They can also offer educational clinics, master classes, workshops, lectures, and smaller group concerts from all four instrumental groups within the organization.

The continuing purpose of the Atlanta Pops Orchestra touring program is to bring concerts of live music to communities that do not normally have the opportunity to hear a professional group present light classics, pops, and seasonal programming. Programming of the main concert material is prepared for several types of themed presentations (e.g. movies or Broadway shows). The primary program is developed each year for touring at any time and can include inserted music for special occasions or holidays such as Valentine's Day.

Booking: Leonard A. Altieri, 404-636-0020, ladkmusic@aol.com OR Maria Janus, 678-230-3969, janusmaria22@gmail.com
