[www.thecelticcompany.com](http://www.thecelticcompany.com)

The Celtic Company offers authentic music and dance from Ireland, Scotland, Wales and Brittany. Based in the heart of Georgia but global in scope, the group's passion is to bring the richness and conviviality of great Celtic music and dance to the Southeast and beyond through performance and educational programming. Each program focuses on a distinct aspect of Celtic music or dance. All programs can be adjusted for an educational setting (school or library) or an entertainment venue (festival or concert hall) depending on the presenter's needs. The Celtic Company prides itself in having the flexibility to work with the challenges of diverse venues.
