## **INTRODUCTION**

### **GCA Mission**

The mission of Georgia Council for the Arts is to cultivate the growth of vibrant, thriving Georgia communities through the arts

### **GCA Goals**

- Catalyze economic development through the arts
- Enrich individual lives through the arts
- Build community vitality
- Tell the story of the impact of the arts in Georgia

### **Introduction to GCA Grants**

GCA believes that the arts can transform communities, and our grants support those organizations whose work demonstrates a significant benefit to the people being served.

We ask that you keep the following in mind when applying for a GCA grant:

- Our budget determines how many applicants we are able to fund, so some deserving applicants will not receive grants.
- Because of the large number of applicants, GCA staff members cannot preview your application or check to make sure it is complete.
- Each year, grants are awarded to all types of organizations, from large to small, urban to rural, classical to contemporary, and first-time applicants to those that have applied for many years. We strongly encourage all types of organizations to apply.
- Grant review panelists do not have knowledge of your past applications or your history with GCA.
- Grant review panelists are from all areas of the state, so make sure that your application is understandable to people who are not familiar with your community.
- You will be notified when your grant review panel is meeting and how to dial in and listen to the panel discussion.
- Grants are based solely on the application score. An applicant's grant history with GCA, size, location, discipline, etc. will not have an impact on FY22 funding decisions.
- Applicants awarded FY22 Cultural Facilities Grants will receive an award that could range from \$10,000 to \$75,000, though no grantee will receive more than is requested in the application. Applicants may receive a grant that is less than the amount requested.
- Applications that are late or are not complete will be ruled ineligible and will not be reviewed by the panel. Applicants may not submit the missing material after the grant application deadline. Applicants also may not change information that has been submitted after the application deadline. Double check your application before submitting it to make sure it is complete.

- If you discover that your submitted application is missing required information, or you need to change information, GCA staff members can reopen your application as long as the application deadline has not passed. You must notify GCA staff in enough time that the application can be reopened, you can make the edits, and then submit the application again before the deadline.
- GCA staff members want to do all that we can to assist you with your application. Please do not hesitate to call or e-mail us with questions.

### **Panel Review Process**

GCA works to assemble grant panels that are diverse in terms of the panelists' disciplines, where they live in the state, ethnicity, gender, experience, etc.

Once the deadline has passed, GCA staff review submitted applications to ensure that all required material is included. Incomplete applications, applications from ineligible applicants, and/or applications with projects that are not funded by this type of grant are ineligible and will not be forwarded to the grant review panels.

GCA staff members prepare a report on applicants that did not complete the requirements of previous grants. Panelists read the applications and staff reports and submit preliminary scores and comments. An overall preliminary score for each applicant is determined by dropping the highest and lowest scores and averaging the rest. Panelists are then given access to comments from the other panelists as well as preliminary scores.

Panelists convene via conference call for the final evaluation. Panelists discuss each application, and then amend their preliminary scores if they choose. The high and low scores are then dropped, and the remaining scores are averaged to calculate the applicant's final score.

Once all panels are complete, all applicants are ranked by score. Applicants with the highest scores are funded.

## **ELIGIBILITY**

### **Grant Description**

Cultural Facilities Grants provide support for capital projects for arts facilities in Georgia.

### **Changes from the FY21 Cultural Facilities Grant application**

The FY22 Cultural Facilities Grant guidelines have changed from the FY21 guidelines. This is a summary of the significant changes. Applicants should read the entire guidelines document for complete details on submitting an application.

- Added HEPA air filter equipment as eligible equipment cost
- Defined non-arts organizations more specifically (includes zoos, botanical gardens, aquariums, sports facilities, history museums, science centers, culinary arts schools, martial arts schools, etc.)

### **Eligibility**

All eligible applicants must be located in Georgia, registered with the Georgia Secretary of State, and must have completed all requirements of any previous GCA or state of Georgia grant awarded prior to FY22. FY21 Cultural Facilities Grant recipients are not eligible to apply.

Eligible applicants must be one of the following:

- a non-profit arts organization registered with the IRS (to be defined as an arts organization, the entity must include the arts as part of the mission statement and more than 50% of programming must be arts-related)
- a local government entity (i.e. a city, county or local authority)

Who is NOT eligible to apply?

- Individuals
- Organizations with fiscal agents
- Organizations that do not have their own IRS 501(c)3 status
- Corporations, for-profit businesses, or privately owned buildings
- Schools
- Libraries
- Colleges/universities or foundations that support colleges/universities
- Organizations that are based outside of Georgia
- Organizations that employ a lobbyist (this does not apply to organizations that are members of groups that use lobbyists)
- Non-arts organizations, such as zoos, botanical gardens, aquariums, sports facilities, history museums, science centers, culinary arts schools, martial arts schools, etc.
- FY20 and FY21 Cultural Facilities Grant recipients

Organizations that have already received an FY22 grant, or that have a Vibrant Communities Grant request pending, are eligible to apply for the Cultural Facilities Grant. However, there

should not be any overlap in the budget of the previously submitted application and the budget for the FY22 Cultural Facilities Grant application.

Eligible organizations may only submit one FY22 Cultural Facilities Grant application for a single project. Please do not apply for multiple unrelated projects in a single application.

**Please note:** GCA will accept applications from parent organizations, but not fiscal agents. GCA defines a parent organization as one with which an applicant has a long-term, legal relationship, and the parent organization has the ultimate fiduciary responsibility for the organization. A fiscal agent is an organization which allows an applicant to apply for funding using the fiscal agent's non-profit status, but which does not have a legal, binding, long-term relationship with the applicant nor does it have fiduciary responsibility.

If you are unsure if your organization is eligible to apply, please contact GCA staff for clarification of eligibility.

### **Eligible Applications**

Eligible applications must:

- Include an eligible capital project that will be completed prior to June 30, 2022
- Include a match in the budget (the match requirements are outlined on page 7)
- Be submitted through GCA's online grant application system with no missing components by the deadline of August 31, 2021 at 11:59 PM

Applications that do not meet these criteria will be ruled ineligible and will not be reviewed. Applicants may not submit additional material after the application deadline.

### **Eligible Projects**

Applicants may apply for an FY22 Cultural Facilities Grant for the construction, renovation, or acquisition of a building, or the addition of equipment that supports arts programming. All facilities for which funding is being requested must be used for arts programs. The project for which support is being requested must start no earlier than November 1, 2021, and be completed no later than June 30, 2022.

If an organization is carrying out a very large capital project that will not be finished in its entirety by June 30, 2022, the applicant may apply for support for a single component or phase of that project.

Examples of eligible projects include:

- Renovating a building to be accessible to people with disabilities
- Carrying out a preservation project on a historic building
- Constructing a new building for use as an arts facility
- Purchasing a building for use as an arts facility
- Building an outdoor stage or amphitheater

- Purchasing and installing permanent equipment. The only types of equipment that may be included in a Cultural Facilities Grant application are: HVAC systems, HEPA air filter equipment, seating, sound equipment, lighting equipment, projection systems, kilns, printing presses, and equipment to make programming accessible to people with disabilities, such as assistive listening devices.

Examples of projects that are not eligible for this grant include:

- Paying rent
- Purchasing vacant land
- Renovating the commercial portions of buildings
- Purchasing computers, furniture, or other items that are not on the list of eligible equipment
- Carrying out regular maintenance
- Landscaping projects that are solely for beautification
- Paving a parking lot, or other exterior projects unrelated to the building
- Creating feasibility studies, plans, or architectural drawings that are not for a project that will be carried out between November 1, 2020, and June 30, 2021
- Projects on buildings that are not used for arts programming
- Mobile stages

### **Eligible Facilities**

If the project involves the renovation of a building, the building must be owned by the applicant. The only exception is if an eligible organization has a lease for 20 years or more with a government entity, such as a city or county, or a non-profit organization that ensures that the building will remain an arts facility.

### **Funding Request**

Applicants must request at least \$10,000 and no more than \$75,000. Grants may be awarded for an amount less than what was requested.

### **Match**

A match for the grant request means that an applicant must raise additional funds and/or donations in addition to the GCA grant request amount to pay for the project.

- Applicants with FY20 actual expenses that are less than \$500,000 must have a 50% cash match. This means that the applicant must raise money from other sources that is equal to or greater than 50% of the GCA grant request. The grant request may not be more than 67% of total expenses.
- Applicants with FY20 actual expenses of \$500,000 or more must have a 100% match for the GCA request amount. That means that the applicant must raise money from other sources that is equal to or greater than the GCA grant request amount. The grant request may not be more than 50% of total expenses.

The following are examples of eligible sources for a cash match:

- Donations from individuals or businesses that have already been received by the applicant
- Grants that have been awarded or that have been confirmed through an award letter
- Cash on hand
- SPLOST (if the measure has passed)

The following cannot be used as a match:

- Revenue from bond issues that have not been passed by the application deadline
- Revenue from grants that have not been awarded
- Funds that have already been used to pay for previously completed capital projects
- Donations for elements of the project outside of this grant request
- Building or land value
- Loans
- Equity
- In-kind donations
- Funds from the State of Georgia

Applicants must have the cash match confirmed when submitting the application. The application must include proof of the match.

### **Application Deadline**

The application deadline is 11:59 PM on August 31, 2021. The application with all required components must be completely uploaded into Foundant, GCA's online grant application system, by the deadline. GCA strongly encourages applicants to submit the application well ahead of the deadline so that there is time to upload all attachments and resolve any unexpected issues. No changes to the application may be made nor will additional material be accepted after the deadline.

GCA staff will not be available to assist with questions or to resolve technical issues after 5:00 PM on the day of the application deadline. GCA strongly encourages applicants to submit the application well in advance of the deadline.

If an applicant wants to amend an application that has been submitted, the applicant must contact a GCA staff member prior to 5:00 PM on the day of the grant deadline. GCA staff members can reopen an application, but the grantee must make the changes and resubmit the application before the deadline.

### **Ineligible Applications**

Applications that are submitted after the deadline, that do not contain all of the required information, or are submitted by applicants that do not meet the eligibility guidelines will be ruled ineligible and will not be reviewed by the panel. Additional information will not be accepted after the deadline.

These are the most common reasons that applications are deemed ineligible for review:

- The application is missing required information.
- The budget shows more expenses than income.
- The budget does not show a match for the grant request.
- The application does not include proof of the cash match for the grant request.
- The application includes types of equipment which are not supported by this grant.
- The project will not be completed by the end of the grant period, which is June 30, 2022.
- The applicant is not eligible to apply for GCA funding.
- The application is submitted after the deadline.

### **False Information**

Any grant award made based on false information in the application may be canceled by GCA at any time.

### **Accessibility**

For information and guidance on making your programs accessible to people with disabilities, review the *Accessibility Planning and Resource Guide for Cultural Administrators* on the website of the National Endowment of the Arts: <http://arts.gov/accessibility/accessibility-resources/publications-checklists/accessibility-planning-and-resource>.

## **APPLICATION INSTRUCTIONS**

All FY22 applications must be submitted through the Foundant online application system. Applicants may access Foundant at: <http://gaarts.org/apply>.

### **If you have already set up an account in Foundant**

On the login page, enter your e-mail address and password and click **Log On**. If you forgot your password, click **Forgot your Password?** and the password will be sent to the e-mail address for the organization's contact person. If this does not work, or the contact person is no longer at your organization, please submit a Change of Information Form, which is one of the application options under the Apply tab. GCA will verify the new contact person and e-mail the new login information. Please note: this may take up to a week.

### **If you have not set up an account in Foundant**

A non-profit applicant that has never received a GCA grant or has not received a grant from GCA since FY19 should include a copy of the organization's IRS 501(c)3 letter. A letter from the state indicating that the applicant has non-profit status cannot be submitted in place of the IRS 501(c)3 letter. A non-profit organization that does not have 501(c)3 status by the grant deadline date is not eligible to apply. *This requirement does not apply to government entities or nonprofit organizations that have been funded by GCA since FY19.*

#### **BUDGET**

Use the following template to create a budget for the project or the phase of the project for which you are requesting funding. For each expense line, include a breakdown of the costs that are included in the total for that line. For each income line, note the source of the income.

#### **In-Kind Donations**

In line 17 of your budget, list any in-kind contributions that have been committed to the project. In-kind is defined as donations of material or services for which the organization would normally have to pay. In-kind does not count towards the required match.

Keep these things in mind when creating the budget:

- Do not include in-kind in the cash income or cash expense parts of the budget.
- The income and expenses do not have to be equal; however, the total expenses should not be more than total income. Budgets that show more expenses than income will not be eligible for review.
- The cash match may not be from other State of Georgia agencies or the National Endowment for the Arts.
- The budget should only show expenses which are directly related to the proposal and will be incurred and paid within the grant period of November 1, 2021 to June 30, 2022.
- Following the budget template is a list of ineligible expenses that should not be included in the budget.
