UNUSED GRANT FUNDS

If a grantee is not going to spend the full grant amount, GCA must know early enough in the fiscal year to reallocate those funds to another arts project. If GCA is not notified about unused funds until late in the fiscal year (May-June), there is not time to reallocate the money and it must be returned to the state’s general fund. In the recent past, unused funds in one year have had a negative impact on GCA’s budget in the following year.

Also, GCA is allowing FY22 grantees to submit Change Forms, which will allow changes to the funded project, including: change of dates up to June 30, 2022; change of project; conversion to a virtual project; or cancellation of the grant and releasing the funds back to GCA. Contact the grant manager if you need to submit a Change Form.

Please help us protect and utilize all of the state’s arts appropriation by submitting your Final Report on time and notifying GCA as soon as possible if you believe that you will not utilize all of your grant funds.

DEADLINE

Project Grant Final Reports are due no later than 30 days after the project is completed, but no later than July 29, 2022. Final Reports received after the deadline may result in cancellation of the contract balance. In addition, FY22 Grant Review Panels will be notified if any applicant submitted a late FY22 final report, which may have an impact on the organization’s final scores.

FINANCIAL INFORMATION
Provide the following information for the funded program in the online final report form:
- Total Actual Expenses
- Total Actual Income
- Actual In-Kind Contributions
ATTACHMENTS
The following items will be uploaded to the Final Report.

FINANCIAL REPORT FORM
The Financial Report Form can be found here: https://gaarts.org/what-we-do/grants/projectgrant/.

The Financial Report Form will provide a table into which you will enter the actual income and expenses for your project.

- Total income and total expenses do not have to be even.
- Include ALL income and expenses for the project

If either the total expenses or total income for the project decreased by more than 20% from the application budget, provide an explanation in the space indicated on the form for the overall decrease. Also explain whether or not the decrease had an impact on the overall quality of the project.

FINANCIAL BREAKDOWNS
Provide breakdowns of the following lines from your actual expenses and income:

**Expenses**
1. Personnel-Administrative
2. Personnel-Artistic
3. Outside Fees
4. Remaining Expenses

**Income**
17. Revenue-Other

- The breakdown should include a description and amount for all items that make up the total for that line.
- For lines 1 and 2 (personnel), list the positions included in the total for that line. You do not have to list the individual salary for each position. Indicate whether each position is full-time (FT) or part-time (PT)
- Organizations with multiple employees in similar positions may group those positions together and list the number of positions included.

GCA created the table on the next page to provide an example of the format for the Expenses and Income Breakdowns. Grantees should create their breakdowns in Excel or Word and tailored to their own expense and income breakdown line items. GCA expects the columns to be the same as below, and the budget sections to be organized according to the list above, but the exact expense and income line items will vary for each grantee.
