UNUSED GRANT FUNDS

GCA expects grant recipients to use all of the grant funds awarded on the project proposed and approved through the application process. If a grantee is not going to spend the full grant amount, grantees must notify GCA early enough in the fiscal year for our agency to reallocate those funds to another arts project. If GCA is not notified about unused funds until late in the fiscal year (May-June), there is not time to reallocate the funds and they must be returned to the state's general fund. In the recent past, unused funds in one year have had a negative impact on GCA's budget in the following year.

GCA is allowing FY25 grantees to submit Change Forms, which will allow changes to the funded project, including: change of dates up to June 30, 2025; change of project; conversion to a virtual project; or cancellation of the grant and releasing the funds back to GCA. Contact the grant manager if you need to submit a Change Form.

Please help us protect and utilize all of the state's arts appropriation by submitting your Final Report on time and notifying GCA as soon as possible if you believe that you will not utilize all of your grant funds.

DEADLINE

Project Grant Final Reports are **due no later than 30 days after the project is completed**. For projects that are completed on June 30, 2025, final reports are due no later than **July 31, 2025**. Final Reports received after the deadline may result in cancellation of the contract balance. In addition, FY25 Grant Review Panels will be notified if any applicant submitted a late FY25 final report, which may have an impact on the organization's final scores.
